DECTRA

To whom so ever it may concern.

This is to certify that M/s Sitra Infotech pvt. Limited, Hyderabad has provided competent technical services for our Jamnagar - Loni LPG pipeline SCADA project. As a sub Contractor to M/s DECTRA, they were very actively involved in Engineering, wiring schedules, Data Engineering, Installation & Commissioning of SCADA System consisting of 2 Master Stations, 13 nos. of Remote Work Stations and 82 nos. of Remote Telemetry Units of Harris make. Sitra Engineers are customer friendly and their services are very well appreciated. We found them technically competent and they met all the quality requirements of our prestigious project.

We wish them all the success and have no hesitation in recommending their services to other organizations.
