

TO WHOM SO EVER IT MAY CONCERN

We are pleased to state that **M/S Sitra Infotech Pvt. Limited, Hyderabad** was associated with us for the past 30 months and providing services while working as part of our SCADA project team. As a sub contractor to EMCO, Sitra has provided technical services to execute the project for BSES Power distribution network in Western suburbs of Mumbai city involving 52 S/s of 33/22kV/11kV. Their Engineers were responsible for Engineering and customization of **PowerLink** SCADA software, development of customized reports, Integration and Factory Acceptance Testing (**FAT**) involving **GE HARRIS RTUs(D25/D200)**. They were also actively involved in Installation & commissioning activities with support at site for work including Site Acceptance Test (**SAT**) of Local Control Centers (**LCC**) at substation levels.

We are very much pleased with the commitment and technical skills of Sitra Engineers in adapting to the activities of the project and its Implementation there after. We do not have any hesitation in recommending their services to who ever requires in the field of Process control & data Acquisition systems or similar activities.

We wish them success in all their future activities and continued progress.

Dilip V. Sherekar

General Manager (SCADA)

1st July 2002
